

Special Scholarship Fund Appeal

Dear Friends,

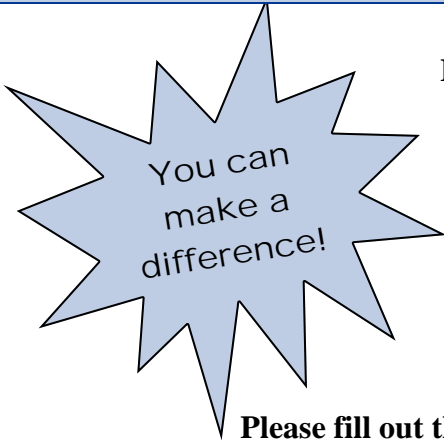

Many MSS families struggle financially and are faced with the dilemma of wanting to provide their children a Catholic education and their inability to make the financial commitment to do so.

I am asking each of you to please help our children continue to receive the Catholic education they so desire and need by sponsoring a student.

No amount is too small. Remember the multiplication of loaves- Jesus can multiply a very small amount and it will take care of all of our children.

Sister JoAnne Goecke, D.C.

WE NEED YOUR SUPPORT NOW, MORE THAN EVER!

Please prayerfully consider sponsoring a student:

\$4420 for one full year

\$500 for one month

\$125 for one week

\$25 for one day

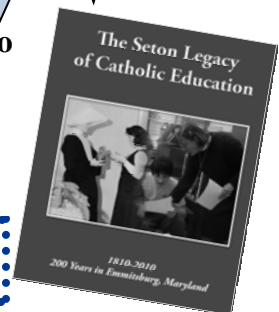

Please fill out the enclosed Scholarship Fund Donation card and return it to Mother Seton School in the enclosed envelope or

visit www.mothersetonschool.org and donate online today!

All donations are tax deductible.

***Gifts of \$125 or more will receive a free copy of the historic bicentennial book "The Seton Legacy of Catholic Education".**

~ Parent Testimonies ~

"It is very important to our family that we continue to surround our children in a nurturing, Catholic environment. The quality education that they receive at Mother Seton School and the traditional Catholic values that they are being taught are such a blessing, not only for my children and family, but for the future of the church and world as a whole. We couldn't provide our children this opportunity without tuition assistance from MSS. Thank you very much!"

~ An Anonymous Family

"As a Catholic family on a single income, it still remains important to afford our children a Catholic education. We will have four children at Mother Seton School, full time, in the fall. If it were not for financial aide we would not be able to send our children to Mother Seton School. We have discussed education options numerous times. Whether the financial obligation is worth it; my children ARE worth it. The education they have received thus far has been great. Mother Seton works hand in hand complimenting our core values and beliefs. As parents, our goal is to raise children that will go out into the world as well prepared adults and make it a better place. We have been lucky enough to find Mother Seton School to help us do just that!"
